

LEAF & FOIL SIZE- BURNISHED SILVER

SUPPLIES

- sample board
- Leaf & Foil Size
- Clear Finish
- silver foil
- Graphite Chalk Paint®
- French Linen Chalk Paint®
- Dark Wax
- low-tack tape
- brush
- Topcoat brush
- paper towels

BASECOAT BOARD

Paint 1 or 2 coats with Graphite or Paris Grey. Let dry.

ADD SIZE

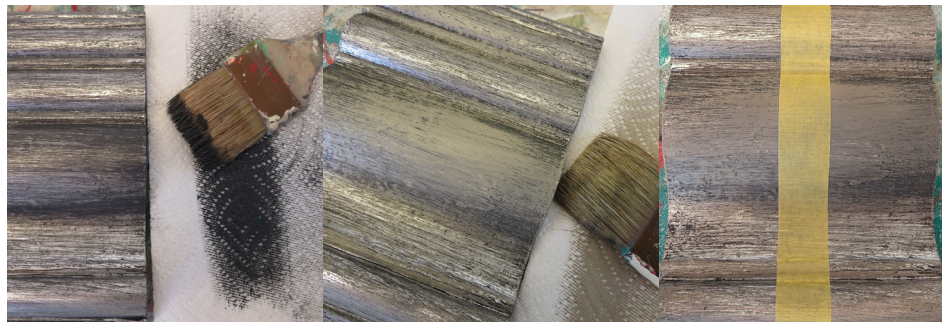

Spritz some water on the surface to help make brushing easier. Brush on Size.

ADD FOIL

Lay silver foil SHINY SIDE UP over the board. Rub with a scrub brush to remove the clear plastic from the foil, which has been transferred.

DRY BRUSH TO DISTRESS

Dip a brush into Graphite and offload excess paint. Lightly dry brush over the surface to create a distressed effect. Let dry. Do the same with French Linen. Let dry.

Make two sections of the board with low-tack tape.

APPLY DARK WAX & CLEAR FINISH

LEAF & FOIL SIZE- BURNISHED SILVER

Page 2

Dip a brush into Dark Wax, offload, and apply Dark Wax very lightly onto the left section. This creates a soft, golden effect. Wipe off excess.

CHECK FOR A HALO

On the right section brush on a layer of Clear Finish. Remove tape.

WORKSHOP NOTES:
